Re: Burlington County Board of Chosen
Freeholders
Landfill 2, Phase 4 Construction
Contract CPU07-0109
Contractor's Performance
Our File: B-110-079

To Whom It May Concern:

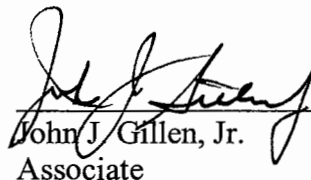

The Burlington County Board of Chosen Freeholders contracted with C. Abbonizio Contractors, Inc. in October 2007 to construct a ten (10) acre expansion of Landfill Number 2 on the Burlington County Resource Recovery Complex. The work involved overburden excavation, compacted clay liner, geosynthetic clay liner, 60-mil HDPE liner, tri-planar drainage composite, leachate drainage layer (glass-sand), leachate collection piping, HDPE force mains, an air compressor, meter pits, and two (2) pump stations. The contract (CPU-07-0109) was awarded in the amount of \$7,801,300.00. Change orders have reduced the contract price to \$7,118,000.00.

Richard A. Alaimo Engineering Company conducted the design and contract administration for Burlington County Contract CPU-07-0109. We have found C. Abbonizio Contractors, Inc. to be very cooperative, responsive, and professional in pursuing the work of this contract. The various stages of the project were completed in a timely manner. At this time, the scope of work is being increased by change order to double the number of landfill gas wells to be installed under this contract.

Please call John Gillen at 609-267-8311, ext 211 should you have any questions on this matter.

Very truly yours,

RICHARD A. ALAIMO ENGINEERING
COMPANY
